summer program ✨ class descriptions

✨ **Ready, Set, Read! (Early Reading Readiness)**

Using Orton-Gillingham, this class lays the foundation needed to break the early written code for children in grades K or 1 who are not acquiring typical reading & writing development via traditional education methods and/or have a positive family history of dyslexia.

✨ **Code Busters (Orton-Gillingham Reading Decoding & Spelling Intervention)**

Using Orton-Gillingham, Code Busters retrains the brain with sequential & systematic rule-based strategies that break the written code and make reading decoding, sight word recognition, spelling, & reading fluency more efficient.

✨ **Writing S.O.S. (Sentence to Paragraph to Essay Writing)**

Using a systematic & leveled approach to writing, students learn how to clearly and effectively structure their thoughts in the written form at the basic sentence and paragraph levels first. With the foundational basics in place, students will learn to expand their writing while learning to write a variety of paragraph kinds (example, process, reason, & persuasion). Students will then progress to write an essay while targeting similar essay kinds. Special emphasis will be placed on informational, opinion and persuasive essays. Students may also learn the rules for punctuation, capitalization, tense, & agreement which develops their ability to proofread & edit their essays. Please reference our Writing SOS flyer for detailed information on the leveled program.

✨ **Text Forensics (Oral Retell, Reading Comprehension, & Critical Thinking)**

TF Fiction: targets oral retell, comprehension, & critical thinking of fiction text. This class is ideal for younger students in grades 1-3 or for students (of any age) with weak expressive language skills.

TF Non-Fiction: targets comprehension & critical thinking of non-fiction text. This class is ideal for students in grades 3 or higher.

TF Response to Reading: targets text analysis & gathering of evidence in order to write logical arguments, explanations, and narratives based on claims, solid reasoning, & relevant evidence.

✨ **Speech & Language (Expressive & Receptive Language)**

Lemon Tree is a speech-language therapy practice offering select services in expressive & receptive language disorders and language processing difficulties.
